**Recommendation letter**

To whom it may concern,

As one of the clients of EXPLOREM, I am reaching out to provide a professional recommendation for their language formation, human resources project management and relocating qualified nurses from Morocco to Germany. My company has relied on EXPLOREM to provide language formation, project management and recruitment services for the past 3 years.

Over the time that we have worked with EXPLOREM, they have become a true partner to our company. More than just a service provider, the EXPLOREM team works closely with our team to ensure that our needs are met. Their team is both proactive and responsive, providing valuable advice and guidance that helps our organization meet its overall goals and objectives.

EXPLOREM proved to be extremely competent and accompanied candidates through the complex process of pre-approval and visa application. Their professional support allowed candidates to focus on their professional goals while they took care of all administrative matters.

As a long-time client of EXPLOREM, I am pleased to be able to give them my language formation, human resources project management and relocating qualified nurses from Morocco to Germany to your organization, EXPLOREM is an excellent choice. I am convinced that Explorem, with their professionalism and commitment to customer satisfaction, is a valuable partner for those who need assistance with migration procedures and job search.

If you have any questions regarding my firm's experience with EXPLOREM, please let me know. Feel free to reach out.

Kind regards

Gesellschafterin / Prokuristin
